

Trolley for transfer of stretchers, hydraulic

Designed in consultation with ambulance staff and other emergency professionals for a maximum user-friendly and safe design.

Chassis

Chromium-plated steel tubes. Hydraulic adjustment of height provides for an ideal work height. Adjusts to different types of stretchers such as the Allfa stretcher.

White plastic cover

A combined protective cover and storage area. Its design helps when cleaning.

Castors

150 mm central-locking swivel castors, with one directional locking castor to facilitate straight transports.

Dimensions

Height 58-94 cm
Length 150 cm
Width 65 cm
Weight 40 kg
Weight capacity 200 kg

Trolley for transfer of stretchers, fixed height

Chromium-plated steel tubes with chromium-plated steel wire basket.

Castors

150 mm swivel castors, two with brakes, one free and one directional locking castor to facilitate straight transports.

Dimensions

Height 77 cm
Height for Allfa stretcher 71 cm
Length 130 cm
Width 69 cm
Weight capacity 200 kg
