

IV stand, heavy-duty for use with multiple pumps

A robust and very sturdy IV stand for use with multiple IV pumps.

Chassis

All-welded chromium-plated 30 / 19 mm steel tubes.
Including 4 IV bag hooks.

Foot

Very sturdy powder-coated steel foot.

Knob locking

The height adjustment lock is of an expander construction, which locks around the whole steel tube.
This provides for a soft and secure locking.

Handle

Adjustable in height, removable.

Castors

75 mm swivel castors, two of which has a locking device.

Pump holder

65 cm in height, made of 25 mm steel tubes.

Height

145-240 cm

Foot diameter

70 cm.

Weight

13 kg (excluding the pump holder, 1,7 kg and the handle, 0,4 kg).

Max weight load

No formal limitation.

Pump holder for side-by-side mounting, handle and power socket holder. Removable and height adjustable.
