

Ergobjörn archive and office trollies

The Ergobjörn archive and office trollies provides a sturdy storage space for binders and books. With balance and steering castors underneath the cart, the max loading weight may be higher and helps when manoeuvring the trolley while heavily loaded.

ARCHIVE TROLLEY WITH STEERING CASTOR

Archive trolley with 3 shelves. 22 mm steel tube chassis with rounded corners. Two very sturdy steering castors underneath helps when manoeuvring the trolley while heavily loaded.

Robust laminated shelves, 19 mm back, 12 mm shelf. One binder support included as standard.

Four grey swivel castors 125x32 mm. Two mid-mounted grey rubber castors 200x48 mm. Ball bearing hub.

Archive trolley with steering castors

ARCHIVE TROLLEY WITH TOP SHELF

Archive trolley with loading surface in a comfortable height.

22 mm steel tube chassis with rounded corners.

Robust laminated shelves, 19 mm back, 12 mm shelf. One binder support included as standard.

Four grey swivel castors 125x32 mm. Ball bearing hub.

Max load 150-250 kg depending on castor choice.

Archive trolley with top shelf

OFFICE TROLLEY

22 mm steel tube chassis with rounded corners. 3 mm gable grating, 50x100 mm mesh. 2.5 mm side grating, 35x35 mm mesh.

22 mm plastic covered steel handle. Chromium-plated Kromad 25x20 mm shelf edge, 12 mm shelf thickness. Grey laminated, variably height adjustable. The load is safely secured by means of the top shelf wire border.

Max load 200 kg.

Four grey swivel castors 125x32 mm. Ball bearing hub. Size: 800x460x940 (LxWxH)
