

IV stands, standard

Chassis

All-welded chromium-plated steel tubes, with four hooks for bags.

Locking mechanism

The locking mechanism of the height adjustment has an expansive design. The expander tightens around the whole tube, which provides for a soft and effective locking.

Handle

Adjustable in height, removable. The IV stand is sold with or without a handle.

Foot

Very sturdy and well balanced 5-leg-foot. Mounts on the rod easily.

Castors

100 mm castors, very smooth roll.

Dimensions

Height 133-225 cm

Foot diameter 66 cm

Foot height ca 26 cm

Weight ca 6 kg

Weight capacity 2.5 kg / hook

080-3050

080-3110

IV stands, lower foot

As above but with a slightly lower foot. Available with 75 or 100 mm castors.

Foot

Very sturdy and well balanced five-legged foot. Mounts on the rod easily.

Castors

75 or 100 mm castors, very smooth roll.
