

Platform and wheelchair scale, KERN

Wheelchair platform scale with two integrated access ramps for easy access.

The large platform also makes it suitable for obesity weighing.

EC type approval (CE). Approval for medical use according to 93/42/EEC. Including verification class

Very robust design.

Including a level indicator to level the balance preci

HOLD function

When patients do not stand completely still, a stable weight is calculated using an average weight which is then "frozen". This means that you have sufficient time to attend to the patient first and then take the weight reading in peace

Rechargeable battery pack is optional.

Rail

On model MWA 300K-1PM a foldable rail is included with attachment for sidplay. Extra non-foldable rail is available as option.
