

Salli Saddle Chair dimensions

Mini gas spring is available for special circumstances; use depends on the working height, not on the height of the user. It is available in metallic and black.

If you are using industrial or inline castors, the chair is 35 mm higher than the measurements shown in the table below. The recommended maximum weight of a Salli chair user is 120 kg, 100 kg for Salli Light and Salli Slim.

The height of the normal 325 mm medium gas spring, long gas spring and short gas spring is the same as T&B gas springs (minimum and maximum length).

Twin

Total weight 11 kg
Seat weight 6.62kg
